

34th

Chairman's Cup

Hosted by:
Valley Gun Club, Western Cape
25th/26th November 2017

A Personal Welcome to You

In my honoured position as the President of the CTSASA, it gives me great pleasure to welcome all concerned - from shooters to managers and organisers - to this, the 34th Chairman's Cup.

would never be able to enjoy the sport we love so much, so a big "thank you" to all of you.

It is with great regret that we received the news that our friends from Zimbabwe will not be able to compete this year due to the economic conditions of their country. Guys, you will be sorely missed but I hope and trust that conditions will improve and you will be able to field a team and compete next year. From my personal standpoint you will always be welcome and I am sure I speak on behalf of the entire Clay Target Shooting fraternity of South Africa.

That the event has continued to generate great excitement is testimony to the fact that this is the most exciting event on our calendar and the codes/disciplines that form part of the event thereby benefit greatly from this great event.

I am convinced that this event contributes in no small manner to the continued success of the CTSASA and the sport of Clay Target Shooting in South Africa.

Without events such as the "Chairman's" it would be difficult to keep the club to province structure intact. Of course, we the shooters must take a step back to thank those who tirelessly, and with no reward, administer the sport from the smallest of clubs to the national executive. Without these wives, administrators, club employees, volunteers and shooters who put their own pleasure and time aside to enable us the shooters to selfishly pursue our passion we

As is always the case, without a host club we would have no event so in recognition of this I would like to take the opportunity to thank our hosts "Valley Gun Club" for hosting the 2017 Chairman's Cup. I am sure the event will be presented in the high standard we shooters have come to expect and enjoy at Valley.

Good luck to all the competing teams. I long to see the day when one of our very smaller provinces stand on the podium as the champion province.

Rob Thompson
CTSASA President

On behalf of the Western Cape Clay Target Shooting association, I would like to welcome you all to the

beautiful Cape for the 2017 Chairman's Cup.

Unfortunately, we are in the grips of a severe drought and stringent water restrictions are in force in the Cape. Please help

us by using water sparingly wherever possible.

This must be the most prestigious event on the local shooting calendar and I'm sure you, the shooters and Valley Gun club will do us proud this weekend.

The Chairman's cup is all about teamwork, and not one or two individual scores. It is this format that makes the shoot so challenging and ensures that you all stay focussed.

I would like to take this opportunity to congratulate you all on your selection for your province this year. To the new caps I wish you well and I know you will all give of your best. I trust the competition will be fierce, but let's ensure that good sportsmanship wins the day.

Good Luck – Shoot well - and please enjoy the wonderful hospitality of Cape Town.

Rob Henderson
Western Cape CTSA Chairman

COMPETITION REGULATIONS

1. Shooting will start promptly at the specified time. The first squad must be on the ranges and **ready to shoot** 15 minutes before the allotted time. Succeeding squads to be on the range 10 minutes before preceding squads have completed their round. **Any shooter absent when his/her squad is due to shoot will forfeit the complete round of targets.** An appeal to the appropriate jury may be made to consider the reason for the absence. An appeal fee of R250 must be paid with the appeal and the appeal must be in writing.

2. **Scoring :**

Trench & Skeet : two shooters from the previous squad to score for the next. Visible scoreboard on Trench & Skeet to be used.

Trap : one shooter from previous squad to score for the next.

Sporting : The umpire may score the round or may nominate a person from within the squad to score.

After you have completed your round and it is your turn to score, you are not permitted to leave the range. A penalty loss of one target will apply if you leave the range for any reason before you have completed your scoring duty or if you fail to score when it is your turn to do so.

All shooters must sign for their scores before leaving the range.

All shooters in all disciplines must check their score before leaving the range and at appropriate times during the round. Any dispute regarding scores cannot be reported to the jury unless a protest is made according to the discipline rules and before leaving the range.

3. Umpires will be provided where possible on all ranges. **Competitors will be required to score** and will score in rotation, i.e. the first 2 shooters on a squad will score first, followed by shooters 3 and 4, followed by shooters 5 and 6 or 5 and 1 where applicable. The exception is the Sporting discipline where the umpire may nominate his scorers from within the squad. Scorers for the first squad of the day will be taken from the last squads to shoot, e.g. squads 3 and 4 in Skeet, Squad 5 in ATA. **Refusing to score is not permitted.** Any shooter refusing to score will be penalized with the loss of 3 targets per refusal.
4. The first Sporting Squads should also report to the ranges 15 minutes before the allotted time. Sporting shooters to proceed immediately to the next range as per the shooting schedule.
5. The 10 second 'ready' rule in FITASC Universal Trench and the 20 second rule in FITASC Sporting will be strictly applied.

COMPETITION REGULATIONS :

Continued from previous page

6. **Applicable rules:** CTSASA Bye-Laws, ATA, FITASC, NSSA Skeet. At all times, where there is a CTSASA over-riding bye-law, this will take precedence over the individual discipline rules.
7. **Shooters may not change squads and squads may not alter the squad shooting sequence. Changes can only be made by the Shoot Organiser (Sarah Kalell).**
8. All score pads must be signed by each individual in the squad, the scorers and the umpire. Only justifiable queries to be referred to the Jury via the Shoot Organiser (Sarah Kalell). Pads to be returned to the office by the scorer at the end of the round.
9. Equipment – traps, scramblers etc. must not be tampered with. In the event of a breakdown contact the shoot convenor.
10. **Reloaded/Self-Loaded Ammunition**
Any person shooting reloaded/self-loaded ammunition must be aware that the Jury at any event is entitled to obtain samples of reloaded ammunition for testing.
11. Please assist the organisers by adhering to these rules and so facilitate the smooth running of this event.
12. Where a dispute occurs and the rules are not explicit enough to provide for a clear cut decision, the final decision rests with the individual discipline jury as elected for this event.
13. Dress code : the dress code as per clause 8.5 of the CTSASA Competition Regulations will apply. Eye and ear protection is mandatory. No open shoes or sandals. No camouflage, no shorts shorter than 15cm above the centre of the knee, no ripped or torn clothing - "Smart/Casual" is the standard.
14. **No cell phones to be used for any purpose whilst shooting a round of days. No smoking or 'vaping' (e-cigarettes) on the shooting ranges.**

Thank you for your co-operation!

MELVILL & MOON

THE ROMANCE OF AN AGE GONE BYE

The Company

Melvill and Moon is a family owned business. The Moon part of the name comes from Rick and Rob's mother's side of the family where a rather colourful relative, Harry Moon provides great inspiration for the business. They came here as missionaries in the 1700's and since then there have been three things which feature strongly in their backstory, land surveying, cattle ranching and Safari... plus some military endeavour, Lieutenant Teignmouth Melvill won the VC at Isandwana Rhorkes Drift 1876.

The company's motto *Laudator Temporis Acti* which loosely translated means *"the romance of an age gone bye"* is more than a company's motto, it is the heart and soul of everything they do - from a field bar proven in its ability to protect precious stocks of Scotch over rough terrain to the British officers campaign chair, the Rookhee, that found a natural home on Safari from the turn of the last century, to Safari bags with a long heritage. Heavy duty cotton canvas safari seat covers are what they started with and remain a major part of the business. They were the first into the market with a pure canvas offering and have maintained the premium position in what is now an entire industry.

The Heavy Duty Safari Seatcover that started it all

Still handmade in PE.
