

Aon Chairman's Cup 2019

The 36th Chairman's Cup, sponsored by Aon South Africa,
is being hosted by:

Centurion Gun Club &
Pretoria Military Clay Target Club,
Gauteng North

30th Nov/1st Dec 2019

The
Clay Target Shooting
Association
of South Africa

A Sporting Welcome from the CTSASA President

I would like to welcome everyone to our 2019 Aon Chairman's Cup.

My second year as Chairman and I remain fully committed to our family of shooters and the CTSASA.

We had a good year with good results both locally and internationally. We want to keep up the good performances and improve.

This past year we have seen an increase in the number of clays shot. Olympic Trap doubled in attendance.

Other disciplines have also experienced an increase in attendance at competitions and Provincial shoots. More competitors have joined the trials with the view to participating in international events.

**It is good people
who make good places**

We have an amazing sport with amazing people. I look forward to meeting everyone during the competition. Old friends and new friends are always a pleasure to chat with about old times and the future of our beautiful sport. It's also nice to see many youngsters making it through the ranks with such an enthusiasm to compete and win.

To our sponsors

I would like to take this opportunity to thank all our sponsors. You are part of us and we want to show you what we have achieved with your contributions.

The Clay Target Shooting Association of South Africa

To our new Chairman's Cup sponsor, AON South Africa (insurance) - we welcome you on board . We appreciate your interest and support in Clay Target Shooting and the Chairman's Cup.

Aon Chairman's Cup

Our Chairman's cup is always " the event" of the year and I know that we all compete to try and be part of this competition. Congratulations to all the provincial teams for being with us at this special event. I know what effort it takes to be here and the time you have to give up in order to attend . You have worked hard and I'm sure you will do your best for your province.

Special 'thank you'

A special thanks to our **supporting families**. I always appreciate the commitment and understanding of our families. You are also part of the success of the Chairman's Cup.

All of our **volunteer umpires and scorers** - you are greatly appreciated for your work and commitment for this prestigious event.

Gauteng North CTSA committee: I know you have put a lot of effort into maintenance and organization. It takes a lot of work to get all ranges in order and I know it will be a success. Thank you for organizing the event and hosting the shoot.

The Swanton team : Tim and Jenny - always hard working, ever-present and helpful.

I would like to thank my **Executive Committee** for 2019. It was a pleasure working with you.

To our **Executive Officer, Sarah** - I know the work you have done to synchronize this event and all the work that goes on behind the scene. Thank you.

To our shooters:

NOTHING CAN REPLACE PERSISTENCE

Dear shooter

The Aon Chairman's Cup comes with a little pressure. A good kind of pressure that will teach all to overcome weaknesses and prepare you for the next level of shooting.

Compete with a mind change. Gather the courage to believe that you can succeed. Set your goals and focus on your target and not the competition.

Compete in good spirit and support each other. We have seen an improved standard across all disciplines. Let's keep it that way.

I wish everyone a good shooting weekend and fantastic results. Good sportsmanship will increase our scores. Last year we saw fantastic results. Let's do it again!

Travel safe back home and have a great holiday and may the best province win.

See you next year!

Kind regards

Orazio Cremona
CTSASA President

A Very Warm Welcome to all Participants and Supporters

On behalf of Gauteng North CTSA, Centurion Gun Club and Pretoria Military Clay Target Club, I would like to welcome each and every one of you to the **Ultimate event on the CTSASA Calendar** - the Chairman's Cup.

This event is known for creating the best memories of competition, sportsmanship and camaraderie amongst the top shooters in each discipline from each province. If last year is anything to go by, this year's competition promises to be an incredible event!

Preparation

The work and effort that goes into hosting this event is quite a daunting task, but thanks to the following people who have offered their time, effort and passion, they have made this year's **Aon Chairman's Cup** possible.

Ernst Viktor, Adriaan Van Jaarsveld, Tim Swanton, Kobus Myburgh, Mike Maritz, Leonard Bonsma, Nick Caccioppo, Kobus Liebenberg, Wynand Kotze, Yolandi Kotze, Elmien Viktor, Nicole Moutsatsos, Johan Minnie and Jace Cilliers.

Without your tremendous efforts, this would not have been possible.

Sponsors

I would also like to thank the following sponsors:

Blaser Group, Vario, Republic Arms, Safari Outdoor, Wildman, Alfred Hilton, SmartCall and Suburban Guns. Without their investment into our sport, we would not be able to host such an amazing event! We also of course thank the **CTSASA** for their continued major sponsorship of this event. We are privileged to welcome **Aon South Africa** for the first time as a major sponsor of the Chairman's Cup. We extend our heartfelt thanks to Aon and we sincerely hope that this will be the beginning of a long-lasting relationship!

The Competition

This year's **Aon Chairman's Cup** has all the makings of an epic battle with all the records that were set at last year's event! I know that from Gauteng North's side, we have a team that consists of new members, previous team members and returning members! I am sure that each province has done the same to ensure that we once again have the best competition amongst the provinces.

Competition Regulations

1. Shooting will start promptly at the specified time. The first squad must be on the ranges and **ready to shoot** 15 minutes before the allotted time. Succeeding squads to be on the range 10 minutes before preceding squads have completed their round. **Any shooter absent when his/her squad is due to shoot will forfeit the complete round of targets.** An appeal to the appropriate jury may be made to consider the reason for the absence. An appeal fee of R250 must be paid with the appeal and the appeal must be in writing.
2. **Scoring :**
Trench : two shooters from the previous squad to score for the next. Visible scoreboard on Trench & Skeet to be used.
Trap & Skeet : one shooter from previous squad to score for the next.
Sporting : The umpire may score the round or may nominate a person from within the squad to score.

After you have completed your round and it is your turn to score, you are not permitted to leave the range. A penalty loss of one target will apply if you leave the range for any reason before you have completed your scoring duty or if you fail to score when it is your turn to do so.

All shooters must sign for their scores before leaving the range.

All shooters in all disciplines must check their score before leaving the range and at appropriate times during the round. Any dispute regarding scores cannot be reported to the jury unless a protest is made according to the discipline rules and before leaving the range.
3. Umpires will be provided where possible on all ranges. **Competitors will be required to score** and will score in rotation in squad position order. In Universal Trench, shooters 1 and 3, then 2 and 4, then 3 and 6 to score. In the Sporting discipline the umpire may nominate his scorers from within the squad. Scorers for the first squad of the day will be taken from the last squads scheduled. **Refusing to score is not permitted.** Any shooter refusing to score will be penalized with the loss of 3 targets per refusal.
4. The first Sporting Squads should also report to the ranges 15 minutes before the allotted time. Sporting shooters to proceed immediately to the next range as per the shooting schedule.

COMPETITION REGULATIONS :

Continued from page 8

5. The 10 second 'ready' rule in FITASC Universal Trench and the 20 second rule in FITASC Sporting will be strictly applied.
6. **Applicable rules:** CTSASA Bye-Laws, ATA, FITASC, NSSA Skeet. At all times, where there is a CTSASA over-riding bye-law, this will take precedence over the individual discipline rules.
7. **Shooters may not change squads and squads may not alter the squad shooting sequence. Changes can only be made by the Shoot Organiser (Sarah Kalell).**
8. All score pads must be signed by each individual in the squad, the scorers and the umpire. Only justifiable queries to be referred to the Jury via the Shoot Organiser (Sarah Kalell). Pads to be returned to the office by the scorer at the end of the round.
9. Equipment – traps, scramblers etc. must not be tampered with. In the event of a breakdown contact the shoot convenor.
10. **Reloaded/Self-Loaded Ammunition**
Any person shooting reloaded/self-loaded ammunition must be aware that the Jury at any event is entitled to obtain samples of reloaded ammunition for testing.
11. Please assist the organisers by adhering to these rules and so facilitate the smooth running of this event.
12. Where a dispute occurs and the rules are not explicit enough to provide for a clear cut decision, the final decision rests with the individual discipline jury as elected for this event.
13. Dress code : the dress code as per clause 11.5 of the CTSASA Competition Regulations will apply. Eye and ear protection is mandatory. No open shoes or sandals. No camouflage, no shorts shorter than 15cm above the centre of the knee, no ripped or torn clothing - "Smart/Casual" is the standard.
14. **No cell phones to be used for any purpose whilst shooting a round of clays. No smoking or 'vaping' (e-cigarettes) on the shooting ranges.**

A Brief History of the Chairman's Cup

The Chairman's Cup in its present form is now in its 36th presentation, having commenced in 1984. Prior to this, the event had been held in a different format and had been mostly sponsored by Datsun, followed by Swartklip Products. For most of the recent past, the CTSASA has been sponsoring the event with the exception of the ammunition. **For 2019, we are very proud to welcome Aon South Africa as our major sponsor.**

In 1984, an overall High Gun Trophy and trophies for each individual discipline were presented by Dr Alec Kalell, Chairman of the then CPISA. The competition was now called "The Chairman's Cup" and its timing at the end of November concludes the shooting calendar of the CTSASA. The Annual Awards Ceremony for all the year's awards is held on the Friday evening prior to the start of the Chairman's Cup. This is a prestigious evening where National Protea Colours, Association Merit Colours and other awards are presented to the winners and high achievers of the year. To view past winners, records and results as well as the current information, please go to:

<https://www.ctsasa.co.za/competitions/chairmans-cup-information-results-and-records/>

The real cost of car theft and accidents – it pays to mitigate your risk

While insurance is an essential aspect of recovering financially from a vehicle theft or accident, there are still unexpected costs you may not have planned for, and some which you cannot attach a monetary value to. The best advice is to mitigate your risk as far as possible with correctly scoped insurance and advice, deploy security measures to deter would-be criminals and to strictly adhere to road safety rules and drive defensively.

45

Hijackings
every day

Source: SAPS crime stats 2017/2018

493

Vehicles are stolen or
broken into daily

Source: SAPS crime stats 2017/2018

2 280

Accidents daily costing
the economy R143 billion

Source: RTMC Report 2015

Consider the unexpected costs and how to mitigate them:

- **Insurance deductible or excess** – an insurance claim is subject to a basic excess, usually 5% of the loss. If you are over the age of 55 years, you don't pay a basic excess on Aon-designed personal products.
 - Your monthly **insurance premiums** could increase following a claim due to the loss of your 'no claim bonus'.
 - **Mitigate against theft** – park in a safe area and lock up at night. Most insurers will offer a premium discount should you volunteer to install an approved tracking system where the policy condition does not require one.
 - Check that you have included the maximum **car hire** on your policy to avoid the cost and inconvenience of being without transport.
 - **Avoid leaving valuables in your vehicle** – if unavoidable, make sure they're out of sight. Valuables must normally be specified under All Risks or they won't be covered.
 - Car **remote jamming** remains a trend and there is generally no cover if there is no evidence of a break-in to your vehicle – it is important to check that your car is locked before walking away. Speak to Aon about our All Risks cover on your personal insurance.
 - **Credit shortfall cover** should be taken where the outstanding balance exceeds the retail value of the vehicle, enabling you to settle outstanding debt if your car is stolen or written off in an accident.
 - Understand the **Basis of Loss Settlement** on your insurance. **Retail value** is the price at which the dealer will sell a vehicle to you. **Market value** is what you could expect if you trade the vehicle in. Insurers will usually stipulate on which basis the claim will be calculated.
 - **Drive defensively** – maintain awareness of road and weather conditions, other road users and hazardous situations and take steps to prevent becoming the cause of or involved in an accident.
 - It is the responsibility of the driver to **take due care** and abide by the rules of the road and keep your vehicle in a roadworthy condition. Weigh up the real costs of claiming for an event that could have been avoided in the first place. It all forms part of the required **reasonable measures** that insurers ask of you to prevent loss.
- Your ultimate goal is to mitigate your risk as far as possible and have appropriate insurance in place for those mishaps that cannot be avoided, putting you back in the same position financially as you were before the loss.
- This is where the value of having an Aon Expert Broker By Your Side comes to the fore. Your expert broker will guide you through understanding the policy wording, and they will also point out any gaps in your insurance cover that could leave you compromised – something many people only discover at claims stage when it's too late and they're out of pocket.

MANDATORY SHOTGUN SAFETY RULES

- 1 Treat every gun as if it is loaded and with the utmost respect at all times.

- 2 When carrying a gun it should be open and empty at all times. Pump action and semi-automatic guns should be carried with bolts back, chambers and magazines empty, barrels pointing upward, breech forward

- 3 Avoid alcohol and horseplay when in possession of a gun.

- 4 When using a gun you should have on your person only those cartridges which are of the correct gauge and chamber length to match the gun.

- 5 All guns should be:-
(a) "nitro-proofed"
(b) "in proof"
(c) in safe and sound condition to shoot.

- 6 DO NOT point or fire your gun at anything other than a clay target (i.e. do not point or fire your gun at any other inanimate or animate object). Failure to observe this rule will lead to disqualification and expulsion from the ground.

BEHAVIOUR ON FIRING POINT

- 7 Before loading your gun with one or two cartridges, check that the barrels are free from obstruction and that they are pointing up the range.

- 8 Keep the muzzles pointing up the range at all times until you have opened and emptied your gun. Then (and only then) you may turn around and walk off the firing point.

- 9 **GUN MALFUNCTION** - Keep the muzzles pointing up the range until the malfunction is identified and corrected. (If upon firing the gun the cartridge makes an unusual report, then before reloading you should check the barrels are free from obstruction).

- 10 **REMEMBER YOU (AND ONLY YOU) ARE RESPONSIBLE FOR THE SAFE HANDLING OF YOUR GUN AT ALL TIMES. YOU ARE ALSO RESPONSIBLE FOR THE BEHAVIOUR AND SAFETY OF YOUR FAMILY, GUESTS AND ANIMALS WHEN THEY ARE ON THE SHOOTING GROUND.**

Acknowledgement to the CPSA, England

The above represents the main 10 shotgun safety rules. There are more safety rules in the individual discipline rule books. It is your responsibility to learn ALL of the safety rules.

MEG Throwing Machines

by Sergio Giorgi and Co, Italy

Strong, reliable and with a 5 year warranty, MEG manufactures Standard, Skeet, Ball-Trap and Sporting Clay Throwers

**MEG also supplies microphones and scramblers and can install world-wide.
Available in 12, 220 and 380 V**

MEG machines have been manufactured for over 30 years with a multitude of installations in Italy and many other countries. MEG installed an OT range 10 years ago for Giovanni Pelliello, a world renowned Olympic shooter.

With its unique arm setting (a trend followed and adopted by many producers) the machines can release an instant, delayed or extra quick target, allowing shooters to learn not to anticipate a release.
